U. S. Coast Guard Vessel Traffic Restriction Information

14 Sep 01

The Captain of the Port has restricted the entry of all vessels into the Port of San Diego and requests the cooperation of all mariners.

No vessel may enter San Diego Bay until the Coast Guard or San Diego Harbor Police have examined or cleared the vessel. The checkpoint for clearance in to the harbor is buoy 5. Once on scene, contact local Coast Guard or Harbor Police on channel 16 and await directions.

Mariners should expect significant delays when entering San Diego Bay. The Coast Guard urges mariners to not get underway while these restrictions remain in effect. These restrictions are expected to continue through the weekend.

All mariners are alerted that further restrictions may be imposed without notice during any military vessel movements in San Diego Bay.

Updates to these restrictions will be announced on marine radio channel 16. All mariners are encouraged to monitor channel 16.

The public's cooperation is greatly appreciated.
